# RESCUE® REMEDY

Rescue® Remedy is the #1 natural reliever of everyday stress. It is a blend of five of the 38 Bach Original Flower Remedies® and is proven to be as helpful with animals as it is with people.

*Rescue Remedy* can be used for an immediate calming effect in any stressful situation, or when your pet needs help overcoming a variety of emotional or behavioral problems such as:

- Visits to the vet
- Fear of loud noises (fireworks, thunderstorms, etc.)
- Excessive barking or hissing
- Shock, trauma or mistreatment
- Adapting to loss of companion
- Separation anxiety
- Adapting to new surroundings (home, kennel, stable, etc.)
- Obsessive cleanliness
- Constant licking or nibbling of self

*And much more*

*Rescue Remedy* is suitable for use on pets of all shapes and sizes. Some pets may be sensitive to alcohol, in which case, *Rescue Remedy* should be diluted before it is administered, or the alcohol-free *Rescue Remedy Pet* can be used. Animals which *Rescue Remedy* can be used on include:

- Reptiles
- Fish (add to tank water)
- Birds (dilute in water before administering)
- Cats
- Dogs
- Horses
- Rabbits

*And much more*

## Recommended by Veterinarians

*Rescue Remedy* and the *Bach Original Flower Remedies* are an inexpensive, all natural way to keep your pets happy and healthy everyday. With the rise in complementary and alternative veterinarian medicine, many veterinarians include the *Bach* system of medicine in their practice. You can use them as part of an ongoing preventative program. However, for persistent conditions we recommend a professional veterinarian exam to prevent misdiagnosis.

## How to Use

Rescue Remedy	4 Drops
Rescue Spray	2 Sprays
Rescue Remedy Pet	4 Drops

Simply add directly in mouth or in their food, water bowl or on a treat. *Rescue Remedy* can also be rubbed directly on animals nose, ear or paw. To ease the pain of hot spots and minor bites and rashes, apply a generous amount of *Rescue Cream* on the aggravated area. Choose the method easiest for you that ensures that the animal gets the correct dosage.
